Hi Neighbors,

I wanted to notify all of you personally that I have withdrawn my resignation, tendered on July 1st, from the board of directors. My resignation was prompted by family issues, which I thought were going to preclude me from devoting the time necessary to do the job this community deserves from their board. That caused me to reluctantly submit my resignation. Thankfully, in the last week several things have occurred which make my resignation unnecessary, and I have asked the board to allow me to withdraw it. With the holiday weekend intervening, the remaining board has done an admirable job of holding things together in my absence and they have kindly decided to accept my request for re-instatement.

I apologize to the community for any confusion and uncertainty I have inadvertently caused. I look forward to working with our board to continue to improve our community.

Best Regards,
Jeff Palmateir
